### *Qualified Caregivers*

Our dedicated Caregivers are the very heart and soul of Rent-A-Daughter. In fact, we strive to care for our Caregivers as they care for you. They are not just our employees; they are people who have compassionate, loving hearts and have chosen to join us in our mission of serving older adults. As Rent-A-Daughter employees, they are fully **bonded and insured**. You can be confident that all Caregivers are carefully selected, screened, and trained. And throughout their tenure, we offer them ongoing training in order to better provide for your needs. We believe these experiences, when combined with a heart's desire to serve the elderly, qualify our Caregivers to provide exceptional care for you or your loved one.

### *Team Approach*

Our Caregivers are supported by an office staff who earnestly desires to provide a network of care for the people we serve. And because of the commitment we share, you will find our office staff to be compassionate and responsive to your needs and requests.

### *A Legacy of Love*

Caring is the foundation upon which this agency was built. Helga Willett established Rent-A-Daughter in 1985 after she experienced the inability to locate a personal caregiver to assist with care for her convalescing mother. Ms. Willett led the company until her retirement in 2001 when Rob and Jean Henke took ownership.

Today, Rob and Jean continue the Rent-A-Daughter tradition of providing exceptional care. As the former president of a senior living community, Rob has dedicated much of his professional life to assuring that the dignity of seniors is maintained. Together he and Jean strive to promote and sustain a network of people to care for older adults. Their mission is to ensure that every client is treated with the respect and love they deserve.
